### EARLY ADJOURNMENT OF CONGRESS GIVEN FOR CHANGE IN PLAN.

Oklahoma City, Nov. 15.—Congressman Harrel, just as he was about to leave for Washington, was handed a telegram from the speaker adjourning the session until his return in the early adjournment of that body and suggesting that he wait until the next session. Mr. Harrel will remain here in the meantime.

The state election board was only able to certify the vote by which Congressman Harrel was elected, rather than issue certificates of election.

The constitution provides that all votes cast for state and national offices shall be certified by the state legislature after which certificates of election may be issued. This being a special election and no session of the legislature likely it was decided that a certified record of the vote would be sufficient credential.
